

Sourcing, negotiating, transporting, and delivering the fresh and frozen market users and importers (such as Fresh or frozen Fruits and Vegetables, juice concentrates)

We have the resources and expertise to provide you with all-in one solution to your fruits or vegetable requirements. It is our job as **FRUVEX** to make your job easier. During 10 years **FRUVEX** has been doing this, and in that time we have established relationships and networks worldwide. We have established relationships with Mexican growers, transportation, warehouses, and most importantly, a group of partners that truly understands the process from start to finish.

We consider ourselves part of your team, so we will actively seek out additional ways for your organization to improve. **FRUVEX makes the difference!** **FRUVEX** is passionate, dedicated, and determined to providing our customers with a one-of-a-kind service experience. We focus on forming long-term business relationships with our customers, growers and processors to ensure success & satisfaction. **We're happy to answer questions about things like fresh or iqf fruits or vegetables, international shipping logistics, or even how you can better streamline your operations!**

We can offer you a wide range of fruits or vegetables or even some food ingredients that will committed save you time and money.

For over ten years, **FRUVEX** people has been trading with processed and Fresh fruits and vegetables, developing the relationships, experience, and resources to assist companies in procuring, purchasing, selling and distributing. When you need a specific quality food ingredient and you want it a specific size, packaged in a specific way, delivered a specific way, and you are trying to meet a specific price point - you need **FRUVEX**. **FRUVEX** can find you any Fresh or frozen Fruits and Vegetables, from IQF F&Vs to puree, and anywhere in between. With plans to fulfill international commitments, **FRUVEX** is the best option for sourcing anywhere in the world.

At **FRUVEX**, we work directly with farmers and crop managers to be able to offer a vast selection of food products in the array of sizes and pack styles, conventional and organic, to meet our customers' needs. Beyond sourcing, if a food product needs to be peeled, sliced, diced, frozen, or even hydrated before it reaches your dock, we'll take care of it. Need IQF vegetables? No problem.

•When you need particular documentation, **FRUVEX** will provide it. We will get the proper nutritionals, specifications, certifications, and freight documentation required.

•We can be your single-source solution **from farm to your door**. Or, can step in at any point in the process to help service your specific needs.

We're committed, dedicated and passionate about what we do. With aggressive growth plans to fulfill both domestic and international commitments, **FRUVEX** is the best option for food and beverage sourcing anywhere in the world. Whether it's a one-time need or a long-term relationship, we can fulfill our customers' requirements.

Need IQF Foods? Dehydrated? Of Fresh?, How about Juice? We are your best option to source them! Conventional or organic, we are able to source and deliver the products you are looking for, packaged and prepared any way you need it. Listed here are a few of our most popular products.

FRUVEX specializes in providing Mexican grown fruits and vegetables that are packed and frozen according to our customer requirements.

We offer a range of fruits at different formats to meet our customer specifications, all are processed in accordance to the seasons and market demand.

Typical uses for frozen fruits include uses, such as, Raw or cooked, plain, for decoration, desserts, iced desserts, verrines, tarts, jams, smoothies, milkshakes, kitchen dish accompaniments, processed for the manufacture of ice-creams, sorbets, mousses, coulis, sauces, fruit pastes.

Freezing is the best and most effective method of preserving foods. Vitamins, minerals and fibers are naturally preserved in the frozen fruits or vegetables including original taste, flavor or color.

We can offer fruits and vegetables in several calibers, sizes, formats including whole, broken, purees, etc. or according to our customer needs.
